

# LOVE THE GAME CHARTER

The Victorian Responsible Gambling Foundation's Love the Game Sporting Club Program aims to disrupt the normalisation of gambling in sport, in particular by limiting the exposure of young people to gambling promotion. The program works at all sporting levels, from community to elite, to prevent and reduce gambling harm.

## CLUB COMMITMENT

By joining the Love the Game Sporting Club Program, we understand the leadership role our club plays in encouraging balanced lifestyles and strengthening communities.

We accept a shared responsibility for raising awareness of the risks associated with gambling and will actively work to disrupt the normalisation of gambling in sport through our commitment to this Charter and through our actions.
